

Online survey

Needs of employees and employers Study on working in Graubünden tourism

In order to better understand the needs of employers and employees with regard to employment conditions, the University of Applied Sciences Graubünden is conducting a survey in Graubünden tourism on behalf of the canton of Graubünden.

The study is accompanied in terms of content by representatives of the three industry associations and on behalf of the employees' side.

It needs you to make a difference!
Help us and answer the questions in this survey.
